In Ship of Magic, Robin Hobb introduced us to the Bingtown traders and their comfortable world, just at the point where it starts to fall apart, a process which accelerates in this second book of the Liveship Traders series. Slavery and slave trading have come into fashion, and the old trading alliance with the strangely disfigured colonists of the Rain Wilds is falling apart. Their distant overlords in Jamailla are making demands of tribute and a slavery hating pirate captain has ambitions of his own. Hobbs' characters are complex and usually attractive; her sense of the conflicts that arise between imperfect goods is sophisticated. Above all, she shows a capacity for sympathy in unlikely places--Kennit, the pirate who constantly tries to deny that he has a conscience; Althea, who will sacrifice almost everything to her desire to get back control of the family ship; the ships themselves, intelligent beings whose grace and charm hide the fact that they are the victims of a crime nonetheless gross for being inadvertent. Like the Assassin trilogy before it, the Liveship Traders books take us to a world of beauty and strangeness, where actions plausibly have terrible consequences.

真的就是一艘船啊。。。但是情节还是不错的 但是强迫症不能忍啊！

女权思想在这套三部曲中占有很重要的地位。毕竟，女性的成长与独立在男权普遍的当下显得意义非凡。（有支豚抱怨说根本不应该用女权，而应该用女性主义或者平权，以免损失了潜在的支持者。切，连女权的含义都闹不清也不愿去多看资料了解下，只会望文生义的十代文盲之后有必要拉...
