装帧:Hardcover

isbn:9781892065292

First volume of a brilliant new fantasy trilogy: the most powerful, original and absorbing new epic since Stephen Donaldson's Chronicles of Thomas Covenant. The first volume of George R R Martin's glorious high fantasy tells the tragic story of treachery, greed and war that threatens the unity of the Seven Kingdoms south of the Wall. Martin unfolds with astonishing skill a tale of truly epic dimensions, thronged with memorable characters, a story of treachery and ambition, love and magic. Set in a fabulous world scarred by battle and catastrophe over 8000 years of recorded history, it tells of the deeds of men and women locked in the deadliest of conflicts and the terrible legacy they will leave their children. In the game of thrones, you win or you die. And in the bitter-cold, unliving lands beyond the Wall, a terrible winter gathers and the others -- the undead, the neverborn, wildlings to whom the threat of the sword is nothing -- make ready to descend on the realms of men. A Game of Thrones begins the most imaginative, ambitious and compelling fantasy epic since The Lord of the Rings. Thronged with memorable characters, it unfolds with astonishing skill a tale of truly epic dimensions. There have been many pretenders to the throne of Tolkien: now at last he has a true heir.

作者介绍:

George R.R. Martin sold his first story in 1971 and has been writing professionally ever since. He has written fantasy, horror, and science fiction, and for his sins spent ten years in Hollywood as a writer/producer, working on Twilight Zone, Beauty and the Beast, and various feature films and television pilots that were never made. In the mid 90s he returned to prose, his first love, and began work on his epic fantasy series A Song of Ice and Fire. He has been in the Seven Kingdoms ever since. Whenever he's allowed to leave, he returns to Santa Fe, New Mexico, where he lives with the lovely Parris, a big white dog called Mischa, and two cats named Augustus and Caligula who

think they run the place.

评论

总是害怕读第一卷，因为不希望奈德挂掉吧。不管他坚持的正义多么不合时宜。
