Deceptively simple and surprisingly addictive, Not Quite What I Was Planning is a thousand glimpses of humanity—six words at a time. One Life. Six Words. What's Yours? When Hemingway famously wrote, "For Sale: baby shoes, never worn," he proved that an entire story can be told using a half dozen words. When the online storytelling magazine SMITH asked readers to submit six-word memoirs, they proved a whole, real life can be told this way too. The results are fascinating, hilarious, shocking, and moving. From small sagas of bittersweet romance ("Found true love, married someone else") to proud achievements and stinging regrets ("After Harvard, had baby with crackhead"), these terse true tales relate the diversity of human experience in tasty bite-sized pieces. From authors Jonathan Lethem and Richard Ford to comedians Stephen Colbert and Amy Sedaris, to ordinary folks around the world, everyone has a six-word story to tell.

It was a fun read, but I just thought there should be more to a book.

If I ask you to sum up your life in just 6 words, what it would be.

Favorite: "I still make coffee for two"

一个缘于海明威那篇给人以广阔想象空间和震撼力的六字小说的点子，催生了一场以六个字概括你的人生的征文活动。喏，书名就是其中一个。
