Award-winning illustrator Gabriel Campanario first introduced his approach to drawing in *The Art of Urban Sketching*, a showcase of more than 500 sketches and drawing tips shared by more than 100 urban sketchers around the world. Now, he drills down into specific challenges of making sketches on location, rain or shine, quickly or slowly, and the most suitable techniques for every situation, in *The Urban Sketching Handbook* series.

It's easy to overlook that ample variety of characters that walk the streets everyday. From neighbors, dog walkers and shoppers to dancers and joggers, the people that move through the cities and towns are fascinating subjects to study and sketch. In *The Urban Sketching Handbook: People and Motion* Gabriel lays out keys to help make the experience of drawing humans and movements fun and rewarding. Using composition, depth, scale, contrast, line and creativity, sketching out citizens and the way they move has never been more inspirational and entertaining. This guide will help you to develop your own creative approach, no matter what your skill level may be today. As much as *The Urban Sketching Handbook: People and Motion* may inspire you to draw more individuals, it can also help to increase your appreciation of the folks around you. Drawing our postal workers, shopkeepers and neighbors, is a great way to show your appreciation and creativity.
