著者:Richard Price

出版者:Harvard University Press

出版时间:1995-06-16

装帧:Hardcover

isbn:9780674257269

Noted writers on art, culture, and the tropical Americas, Richard and Sally Price have crafted a mystery at the intersections of art and anthropology. Drawing readers into their quest for a solution, they build an unusual partnership between text and pictures, daringly expanding the possibilities of academic discourse. *Enigma Variations*--in the tradition of *The Recognitions* and *The Crying of Lot 49*--is an entertainment as readable for its intellectual power as for its irresistible drama. </p>
