"On the Other Side of Freedom reveals the mind and motivations of a young man who has risen to the fore of millennial activism through study, discipline, and conviction. His belief in a world that can be made better, one act at a time, powers his narratives and opens up a view on the costs, consequences, and rewards of leading a movement."—Henry Louis Gates, Jr.

From the internationally recognized civil rights activist/organizer and host of the podcast Pod Save the People, a meditation on resistance, justice, and freedom, and an intimate portrait of a movement from the front lines.

In August of 2014, twenty-nine-year-old activist DeRay Mckesson stood with hundreds of others on the streets of Ferguson, Missouri, to push a message of justice and accountability. These protests, and others like them in cities across the country, resulted in the birth of the Black Lives Matter movement. Now, in his first book, Mckesson lays out the intellectual, pragmatic political framework for a new liberation movement. Continuing a conversation about activism, resistance, and justice that embraces our nation's complex history, he dissects how deliberate oppression persists, how racial injustice strips our lives of promise, and how technology has added a new dimension to mass action and social change. He argues that our best efforts to combat injustice have been stunted by the belief that racism's wounds are history, and suggests that intellectual purity has curtailed optimistic realism. The book offers a new framework and language for understanding the nature of oppression. With it, we can begin charting a course to dismantle the obvious and subtle structures that limit freedom.

Honest, courageous, and imaginative, *On the Other Side of Freedom* is a work brimming with hope. Drawing from his own experiences as an activist, organizer, educator, and public official, Mckesson exhorts all Americans to work to dismantle the legacy of racism and to imagine the best of what is possible. Honoring the voices of a new generation of activists, *On the Other Side of Freedom* is a visionary's call to take responsibility for imagining, and then building, the world we want to live in.

作者介绍:

DeRay Mckesson is a civil rights activist, community organizer, and the host of Crooked Media's podcast, Pod Save the People. He started his career as an educator and came to prominence for his role in documenting the Ferguson protests and the movement they birthed and for publicly advocating for justice and accountability for the victims of police violence and the end of mass incarceration. He's spoken at venues from the White House to the Oxford Union and universities and appeared on TV shows across the political spectrum. He was named #11 on Fortune's World's Greatest Leaders list and Harvard's Black Man of the Year in 2016, among his many other accolades. A leading voice in the Black Lives Matter movement and the co-founder of Campaign Zero, a policy platform to end police violence, he lives in Baltimore, Maryland.
