Every sky's an inspiration, Every cloud floats free, Unlock your imagination, Draw what you see! Hirameki - 'brainwave' or 'flash of inspiration' in Japanese - is where doodling and imagination come together. Simply put, it's the art of turning a random

blot into something amazing, just by adding a few dots and lines. If it's true that you can find happiness in little things, this book should keep your eyes, hand and brain entertained for hours.

作者介绍:

The artists Peng and Hu first discovered the fantastical phenomenon of Hirameki when they saw a cow with a splotch that looked just like a famous filmstar. They quickly realized that even the tiniest blot could be easily turned into something amazing. Hirameki has become a fabulous art form for everybody: even the most inexperienced doodlers can produce hundreds of sensational scribbles. Peng and Hu's passion for collecting blots and dots of all kinds has taken over their lives!
