Even more so than getting married, having a child is a profoundly spiritual passage of life, as husband and wife enter a dramatic new phase in marriage and personal growth. At the same time, God brings their child into the world already primed to know and to grow in him. This confluence of transitions has new parents thinking more earnestly about God and what faith will mean to their growing family. The Newborn Promise Project presents inter-connected resources for today's new families to spiritually thrive alongside Jesus in this transformative season. What kind of parents will they be? Will they avoid repeating mistakes from their past? How will they spiritually nurture a new life? Couples don't have to wrestle with these issues alone. A body of knowledge found in the Bible and from Judeo-Christian experience throughout the ages speaks directly to them about this major life event. Created by Graham Blanchard's development team of parents, teachers, and pastors, the Primer examines biblical applications of the spiritual abilities to love, remember, seek, question, and persevere. It includes related Newborn Facts of Life; Learn, Absorb, Praise, and Connect planning activities; and content connections with Graham Blanchard board books for ages 0 to 7. The Primer serves as the companion for Your Newborn Promise Group Study, and Your Newborn Promise True Story Videos.

跟着主日学的进度一周一章读完的。对newborn的针对性不强，偏一般性原则，practical的内容在每章最后，不多。整本书框架架构的不错，但是内容偏extraneous了
