Across the West, there is a rising tide of people who feel excluded, alienated from mainstream politics, and increasingly hostile towards minorities, immigrants and neo-liberal economics. Many of these voters are turning to national populist movements, which have begun to change the face of Western liberal democracy, from the United States to France, Austria to the UK. This radical turn, we are told, is a last howl of rage from an aging electorate on the verge of extinction. Their leaders are fascistic and their politics antidemocratic; their existence a side-show to liberal democracy. But this version of events, as Roger Eatwell and Matthew Goodwin show, could not be further from the truth.

Written by two of the foremost experts on fascism and the rise of national populism, this lucid and deeply-researched book is a vital guide to our transformed political landscape. Challenging conventional wisdoms, Eatwell and Goodwin make a compelling case for serious, respectful engagement with the supporters and ideas of national populism - not least because it is a tide that won't be stemmed anytime soon.

作者介绍:

Roger Eatwell is Emeritus Professor of Politics at the University of Bath. He has published widely on fascism and populism, including *Fascism: A History*.

Matthew J. Goodwin is Professor of Politics at the University of Kent and a Senior Fellow at Chatham House. He has published five books, including *Brexit: Why Britain Voted to Leave the European Union* and *Revolt on the Right: Explaining Support for the Radical Right in Britain*. He writes regularly for *The New York Times*, the *Financial Times* and *Politico*, and has worked with more than 200 organizations on issues relating to political volatility in the West. He lives in London.

2019第一本。欧洲简直一团乱麻啊！很喜欢一个观点，移民到另外一个国家代表认同其文化，使命，要有共同的利益或兴趣。如果没有这个觉悟的移民，并不是真的移民，是难民，流民，在哪都是outsider

The system still works after all it starts as early as Pluto's time. But the huge divides on our understanding and takes on the changes from increasing mobility has been there for a while, but we just weren't paying attention either side until the counterattack gets loud. We all have catchup to do.

还没哪本英文书看得这么快过…
本来是感兴趣的，到后面就变成翻着给论文找素材了
事实论据为主，理论不多，果然是大众通俗读物

开篇直接满嘴喷，看了两章发现是走程序喷。屁股坐的偏，但分析可圈可点。

有一些有意思的数据，但很可惜并没有深入解释一些问题，而有些看法更像看似中立的辩护手段。比如民粹对于经济学专业分析的抵触，作者的说法是这并不是毫无根据，因为有一些预测结果错得离谱。可是任何一个有些科学素养的人应该都知道risk analysis, stress testing并不是说就会发生什么。这种误解我认为是教育问题，但作者在谈到教育界限时只说出类似“大学教育接触多元文化所以更liberal”之类，这看着就有些搞笑了。还能举出几个类似的例子，比较可惜吧只能说。Update: 越看越像cherrypicking再减一颗...
