装帧:

isbn:9780231190848

An interdisciplinary group of prominent scholars scrutinizes how the rules of global economic governance—or the lack thereof—determine the extent and growth of inequality. With a focus on achievable reforms, this book offers concrete steps capable of counteracting inequitable wealth distribution and bringing about fairer economic growth.

作者介绍:

José Antonio Ocampo is codirector of Banco de la República, Colombia's central bank, as well as a professor in the School of International and Public Affairs (on leave for public service) and copresident of the Initiative for Policy Dialogue at Columbia University. He formerly held a number of positions with the United Nations and the government of Colombia. His books with Columbia University Press include *Too Little, Too Late: The Quest to Resolve Sovereign Debt Crises* (2016) and *The Welfare State Revisited* (2018).
