isbn:9781743075647

Abnormal Psychology 3e continues to combine the highest level of accuracy, currency and comprehensive coverage with Australian and New Zealand academic research and writing. Each chapter is written by local experts in the subject to ensure that content is not only as authoritative as possible, but also provides context, enabling the reader to really relate to concepts and see exactly how this complex subject is treated in practice.

Updated content which aligns with the DSM-5 guidelines, published in 2013. Students can be assured that they are receiving the most up-to-date content, including the correct guidelines and terminology for diagnosis of psychological disorders.

评论

中规中矩的教材，写得有点枯燥。内容也不深入，给初学者看都有点够呛，别说研究者了。全网都没找到电子版，也表明其读者并不多。或许只有澳洲当地某些大学才用它作教材吧...
