Sunday Adelaja was born in Nigeria, Africa. As a teenager, he was recruited by Russian communists. Today he pastors one of the largest congregations in Eastern Europe, a congregation that had a direct influence on the regime change during the Orange Revolution.

ChurchShift, based on his true story and experiences, provides the principles he used in Ukraine to inspire readers to establish the kingdom of God in their lives, in their churches, and in their nation. "God's intention is to transform your life, your promised land, and your nation, and to use you to bring back the earth to Himself, just as He is doing with us in Ukraine"--Sunday Adelaja
