作者介绍:

Rei Sato （佐藤玲）

Only recently graduating from university, youth and optimism permeate Sato's work. Drawing from Japanese manga, but also from Impressionism and abstract painting, her daring and bold use of color is highly individual and expressive. Playful, intuitive, earnest, and aesthetically unique; Rei Sato continues to surprise with her bold compositions and a fresh, young energy.

Sato's talent was discovered by Takashi Murakami in the very first GEISAI event in

2002. Since then she has participated in numerous group exhibitions, including Coloriage at Fondation Cartier pour l'art contemporain in Paris. We all look forward to seeing what she will do next!

淡淡的快照集 @诚品敦南店

细腻

一直拍。广图。想起之前在33艺术中心看过的一个展，一本本画册形成的书堆。
