T-shirts are popular, affordable, and—in recent years—works of art! These comfortable, casual items of clothing have become creative canvases for innovative design. Street T showcases the most significant contributions to this pop-culture/design phenomenon of this wardrobe staple—from do-it-yourself silk screens to high fashion variations.

Each of the 45 graphic artists and designers included all have a particular vision of the T-shirt and reveal their views of the world through their T-shirt designs. Several have even made an original and exclusive T-shirt design just for Street T and all were interviewed just for the book.

Filled cover to cover with lush, full-color photography, Street T is a vibrant and colorful look-book that will thrill artists, designers, fashionistas, and T-shirt-wearers alike.
