《实用速成汉语:练习册(4BOOK)》陕西师范大学出版社出版，The goal of the student

of Chinese Made Easier is to speak Chinese well so as to be able to live and work in China and make friends with Chinese people, This Workbook complements Chinese Made Easier Book 3. Chinese Made Easier Book 3 introduces you to a wider range of everyday topics as well as taking you ever deeper into the mysteries of Chinese grammar.

The purpose of this Workbook is to help you practice each lesson's topic, new vocabulary and grammar. After you have prepared a lesson at home and then practiced it with your teacher at school, don't forget to go outside and use it with your Chinese friends and acquaintances — for what goes in quickly disappears quickly if you don't use it quickly!
