"Eye Essentials" is a major new series which provides authoritative and accessible information for all eye-care professionals, whether in training or in practice. Each book is a rapid revision aid for students taking higher professional qualifications and a handy clinical reference guide for practitioners in busy clinics. Highly designed with synoptic text, handy tables, key bullet points, summaries and stunning full-colour illustrations, the books have rapidly established themselves as the essential eye-clinic pocket books. This title offers: authoritative information from world opinion leaders; instant access to essential information. It is concise, colourful and clinical. It provides the latest information, the best illustrations. It also features clinical pearls, practice pitfalls and clear action icons. "Eye Essentials" offer all eye-care students and practitioners the key points at a moment's notice.
