"Crash Course House Officer's Guide" contains the practical information that house officers refer to on a daily basis. Written by two doctors who have had recent and varied experience of being new house officers, the book contains all the information that a PRHO or an undergraduate in their clinical years will need to know for their first experience of the wards. At 256 pages, it really is short enough to be practical and light enough to be carried in a white coat pocket every day.

作者介绍:

目录: Contents
