《晶体表示》——人类最终因为空间问题而舍弃地球，并且像哲学上那样把自身分为了两个集团。形态论者利用基因和生物工程技术改造了他们的身体去适应空间，而机械论者把信心放在制造高级人类使用的电子控制增强器上。

Crystal Express (Bruce Sterling) ——Humanity has finally abandoned Earth for space and divided into two factions separated by biology as well as philosophy. The Shaper faction uses genetic and bio-engineering to adapt their bodies to space while the Mechanists believe in creating superior humans using

cybernetic enhancements.
