Beneath a Vedic Sun –Discover Your Life Purpose with Vedic Astrology, provides its readers with principles and practices used in career assessment drawn from the fields Vedic philosophy, modern career assessment, Vedic astrology, and the sister-sciences of Ayurveda and Vastu. These career guidelines will help readers discover the type of work for which they are best suited, and will encourage them to develop the competency necessary to reach the highest levels of their destiny.

Example charts, illustrations, graphs, Internet search tips, and resource lists are provided to enrich your learning experience. There is also a special bonus enclosed with the book--- a free CD of the popular “Parashara’ s Light SE” Vedic astrology software.

### 作者介绍:

William R. Levacy holds a B.A. in literature and an M.A. in Education. He has been a practitioner of Vedic astrology or Jyotish, as it is called in India, since 1983. Bill also received a master’ s degree in the Science of Creative Intelligence in 1977 from Maharishi European Research University, where he concentrated his studies on Vedic science. In 1996, Levacy was one of a very few Westerners to ever receive the prestigious Jyotish Kovid award from the Bangalore Chapter of the Indian Council of Astrological Sciences (ICAS). His two decades of experience as a business consultant in the aerospace industry contributes to the practical, yet personal nature of his readings; and is reflected in his practical work on Vedic astrology, Beneath a Vedic Sky.
