Meet a gunslinger so dangerous, a \$\$60,000,000,000 reward has been placed on his

head! Vash has been credited with the destruction of several towns, but miraculously, there is no record of him ever taking a life. Only two things ever happen to those who catch up to Vash, however: they either crawl away wounded, or they stagger away in disbelief that such a dork could possibly be the man they are looking for! This authorized ULTIMATE FAN GUIDE features detailed episode summaries, in depth character profiles, setting and theme analysis, and role-playing character sheets for Guardians Of Order popular Tri-Stat System (as presented in the BIG EYES, SMALL MOUTH RPG). With hundreds of full-colour images from the series, and many pages of production line art, this Ultimate Fan Guide is the definitive English-language resource book for TRIGUN.
