The Gorgeous Harbour, Le Port Magnifique. Avant-garde graphic novel by the sculptor Mr Clement (Chi Cheung, Chan) 2004. ISBN988-97778-1-9. Self-published in Hong Kong, not much

text but what there is is in English and French in parallel. I could not understand this at all....too "experimental" for me I guess, but perhaps the next owner will have more luck, or more insight! Paperback, 5 x 8 inches, pages not numbered but about 300, bw. In very fine condition.
