作者介绍:

Henry James, OM (April 15, 1843(1843-04-15) – February 28, 1916), son of theologian Henry James Sr., brother of the philosopher and psychologist William James and diarist Alice James, was an American-born British author. He is one of the founders and leaders of a school of realism in fiction; the fine art of his writing has led many academics to consider him the greatest master of the novel and novella form. He spent much of his life in England and became a British subject shortly before his death. He is primarily known for a series of major novels in which he portrayed the encounter of America with Europe. His plots centered on personal relationships, the proper exercise of power in such relationships, and other moral questions. His method of writing from the point of view of a character within a tale allowed him to explore the phenomena of consciousness and perception, and his style in later works has been compared to impressionist painting.
