出版者:MM-Musik-Media-Verlag GmbH

出版时间:1998-06-15

装帧:Paperback

isbn:9783927954274

Keyboards expert Ralf Kleinermanns will show you how to make the most of Cubase VST. This is the definitive how-to book; it will help you pick the best computer system, configure your hardware and drivers properly, route effects, use EQs like the professionals do, automatize mixes and get your stuff on CD - everything in easy-to-understand, to-the-point language. Including audio and song examples for hands-on experimentation, free plugins and shareware on CD-ROM/audio.
