Everything's going great for Freddy and the Funkhauser family: Theodore, Wally, Curly, Ziggy, Si, and Meese. Freddy's French fry pals who came to life thanks to Freddy's knack for science have helped them face up to their mean rivals, the Spankers. Trouble is, big bully Adam Spanker isn't about to let Freddy get the upper hand. As Freddy hatches a plan to set Adam straight, he discovers the lab of long-lost scientist Silas Finklebean, along with instructions on how to build a time machine. With Finklebean's help, Freddy and the Fries are determined to prove themselves to Adam once again. In this sequel to Freddy and the French Fries: Fries Alive!, bestselling thriller writer David Baldacci writes about silly science and a mystery that will spook readers from the first chapter, not to mention the antics of six very spry fries that will have them laughing out loud on every page!
