The Boost! Skills Series is the definitive and comprehensive four-level series of skills books for upper elementary students and lower junior high school students.

Age-appropriate themes & cross-curricular topics!

The themes and topics have been chosen to appeal to and motivate learners at this age level and feature a wide variety of different subjects from History to Geography, Social Studies to Science and Technology, providing complete cross-curricular learning.

Integrated skills approach!

Even though each course focuses on a specific skill, all the skills are studied in every Boost! course providing integrated learning in preparation

for the next generation of English exams.

- Integrated skills approach!
- Age-appropriate themes & cross-curricular topics!
- Flexibility!
- Academic & Life success for your upper elementary & Junior high school students!
