Boost! Grammar is for junior learners, that develops functional grammar skills like clarification, explanation, description and persuasion.

Model:

* A model listening dialog or reading passage is presented with accompanying noticing tasks.

Skill Practice:

* An in-depth presentation of the targeted unit skill is provided.

* The three-stage grammar practice takes students from controlled, test-like structured practice to free productive practice.

Integration:

* The grammar skill is featured in integrated practice.

Review:

* After every two core units there is a Review quiz which consolidates the grammar skills already studied.
