出版时间:2006-2-15

装帧:Paperback

isbn:9783833114656

The titles in this practical series of monographs are substantial paperbacks, exciting leisure reading, and useful reference works all in one. They are not only far more informative than any museum brochure, but also help art lovers avoid any embarrassing lapses of memory in conversation. Peppered with numerous illustrations and texts that cover contemporary history, biographical information and artistic works, these mini art guides offer a compact overview of some of the most exceptional artists in history.
