Concise and fast-moving, this biography of Frank Lloyd Wright provides plenty of details about the architect's life, the themes of his career, and specific buildings and projects that display his unique genius. It is heavily illustrated with black and white and color photographs, plan views, and drawings by Wright himself of such buildings as the Beth Shalom Synagogue in Elkins Park, Pennsylvania; the Larkin Company Administration Building in Buffalo, New York; and various incarnations of Wright's affordable, beautiful Usonian house designs.
