Delivering real results for today's Asian learners, this four-level integrated-skills course combines engaging content, motivating contexts and a practical approach to language study.

KEY FEATURES

- * Maximised opportunities for students to speak in every lesson by using reading/listening texts as a springboard to personalized speaking activities
- * Highly teachable units divided into three double-page spreads
- * Lifeline lessons in every unit reinforce learning through linking unit themes to real-world contexts, global issues and related websites
- * Total flexibility for the teacher with a wealth of supplementary resources to choose from
