Book Description

This study of the changing relationships between burial rituals and social structure in Early Iron Age Greece will be required reading for all archaeologists working with burial evidence, in whatever period. This book differs from many recent studies of state formation in that unique and particular developments are given as much weight as those factors which are common to all early states. The ancient literary evidence and more recent historical and anthropological comparisons are extensively drawn on in an attempt to explain the transition to the city-state, a development which was to have decisive effects for the subsequent development of European society.

## 评论

好书：因为作者问了一个好的问题，在希腊各地从“黑暗”走向民主城邦的过程中，物质文明——包括建筑、墓葬、器物、陶器——会不会也直接参与、反映、加入到这种城

邦国家的塑造进程中呢？  
这本书的前半部，就是对考古证据的整理，以及历史的整理。  
后半部，作者动用了统计学里的相关度工具。不敢相信，会把这样的任务交给统计学去做。
