3deluxe's multi-disciplinary design approach includes a manifold presentation of outstanding projects, e.g. the multi-media theme world Cyberhelvetia, club and corporate design for Sven V  th's CocoonClub, events and exhibitions for the FIFA 2006 World Cup and corporate architecture such as the Leonardo Glass. The non-linear

principle of interlinking different design disciplines is reflected in the layout of the book. By cross-referencing chapters, projects and allocations the reader's visual and theoretical understanding of 3deluxe's creative approach is vividly conveyed.
