FIGHT BACK! With a Take-Charge Strategy for At-Risk Homeowners Millions of homeowners are at risk of losing their homes. Are you one of them? If so, you need this

practical, step-by-step guide to help you take action before it's too late. In *Fight Foreclosure!*, David Petrovich offers honest advice on all of your options, weighs the pros and cons of each, and shares smart, practical strategies for lowering your payments and keeping your home. He points out the too-good-to-be-true foreclosure rescue offers you should avoid, and offers real alternatives that work now! Petrovich is a mortgage banking insider who understands the loan servicing industry inside and out. And he understands the pressure you're under. Don't worry! You're not alone. Inside, you'll find the calm, professional advice you need to manage your financial crisis, including topics such as: The foreclosure time-clock why acting early is critical Handling collection calls Cutting expenses and rebuilding your budget Negotiating with your lender Utilizing all your legal defenses Using bankruptcy to save your home Selling your home to avoid foreclosure while saving your credit Finding legitimate help and avoiding rescue scams
