Children join Timothy the Toucan for a colorful introduction to stamping in this fun-filled kit. Let's Start Art!: Stamping gives budding artists everything they need to make pictures using stamps, stencils, and even their fingerprints. Inside this compact art-on-the-go kit, children find an illustrated book with easy-to-follow instructions for 15 projects, an action pad to showcase their work, as well as 4 tubes of paint, 18 foam shapes, 2 stamps, 3 stencil sheets, and other tools they'll need to get crafty. Their new friend Timothy has plenty of exciting lessons planned, including how to make a fingerprint caterpillar and how to print a cool kite.
