This is a hellish nightmare for only the bravest of readers...Darren Shan's horrifying new series, "The Demonata", continues with Demon Thief - now available in a spine-chilling paperback with grisly glow-in-the-dark cover! "A huge, jagged patch of light forms at the foot of my bed. Then a shape presses through. I'm too horrified to scream. It's a monster from my very worst nightmare - pale red skin; dark red eyes; no nose; and sharp, grey teeth. As it leans further forward I see a hole in the left side of its chest, and inside - dozens of tiny, hissing snakes. The monster frowns and stretches a hand towards me!" When Kernel Fleck's brother is stolen by demons, he must enter their universe in search of him. It is a place of magic, chaos and incredible danger. Kernel has three aims: learn to use magic, find his brother, and stay alive. But a heartless demon awaits him, and death has been foretold!

二号主人公的故事，谁是demon thief，谜底令人想起阿婆的罗杰疑案。

you never know what you are going to see in another window.

我真的停不下来！看的心跳加速手发抖但就是停不下来！

Imagination! kind like a online game in china which people fights against demons(or something like that), there are so many universes in the demon's world ,we can come through the "windows" into their world.
