出版者:Aegean Park Press

出版时间:1985-12

装帧:Paperback

isbn:9780894120749

This volume contains important appendices for Military Cryptanalytics, Part I, Vol. 1, plus several added BASIC computer programs. Appendices contain material on

concealment systems, communication intelligence operations, principles of cryptosecurity, plus numerous problems for the student. The text contains a large amount of frequency data concerning English, word and pattern lists, and also letter frequency data concerning the German, French, Italian, Spanish, Portuguese, and Russian languages.
