# Developing Sap's R/3 Applications With Abap/4

[Developing Sap's R/3 Applications With Abap/4_下载链接1_](#)

著者:Rudiger Kretschmer

出版者:Sybex Inc

出版时间:1996-05

装帧:Paperback

isbn:9780782118810

Written by two members of the ABAP/4 language development team, this fascinating book is a gold mine for R/3 programmers. Topics include writing code, creating screens and window interfaces, centralized dictionary functions and library functions, and building your own SAP applications. The companion CD supplies code used in the book's examples. This is an excellent guide for software professionals--and is a lot less

expensive than a six-month course!
