Quiet Amanda Mays had the time of her life at summer camp. She made a ton of new friends, including spunky Allie. She even (accidentally) let everyone think she had a boyfriend back home. What harm could it do? A lot -- because now Allie is moving to Amanda's town! But Amanda isn't the same girl she was at camp. She doesn't have a boyfriend, she's not very outgoing, and she knows that Allie will never get along with her shy best friend, Kate. Will Amanda's big secret cost her two best friends?
