著者:Daniel M. Albert MD MS

出版者:Saunders

出版时间:1999-11-15

装帧:Hardcover

isbn:9780721675008

In 1994, Drs. Albert and Jakobiec set a new standard for reference works on ocular health and disease with "Principles and Practice of Ophthalmology". Now, a second edition of this landmark 6 volume set encompasses all the very latest ophthalmic

knowledge. It also retains the scholarship, encyclopaedic coverage, clinical focus, and rich illustrative detail that distinguished the first edition. No ophthalmologist can afford to be without this essential reference.
