装帧:Paperback

isbn:9780500286807

At once a fashion handbook and a treasure trove of ideas tailored to the modern male or metrosexual, this book is destined to be the bible of men's dressy style, its accoutrements and lifestyle accompaniments. Six chapters define six takes on the 21st-century dandy, each featuring a specially commissioned 16-page fashion shoot, and eight pages of bespoke inspiration, instruction, interviews and insight. "The New

English Dandy" sets the standard for today's new man about town.
