出版时间:2008-04-01

装帧:Paperback

isbn:9781590200278

When Susan Hill first introduced us to the city of Lafferton, to its meticulously crafted cast of characters, and to its chief police inspector Simon Serrailier, readers went wild. When it was released in hardcover, *The Various Haunts of Men* was named a BookSense Pick and was immediately on the must-read list of every mystery fan. Now out in paperback, Hill's intricate and pulse-pounding novel will reach an even wider audience. As the story begins, a lonely woman vanishes while out on her morning run. Then a 22-year-old girl never returns from a walk. An old man disappears too. When fresh-faced policewoman Freya Graffham is assigned to the case, she runs the risk of getting too invested--too involved --in the action. Alongside the enigmatic detective Chief Inspector Simon Serrailier, she must unravel the mystery before events turn too gruesome. Written with intelligence, compassion, and a knowing eye--in the tradition of the fabulous mysteries of Ruth Rendell and P.D. James-- *The Various Haunts of Men* is an enthralling journey into the heart of a wonderfully developed town, and into the very mind of a killer.
