'Reason, seriousness, mastery over the emotions, the whole murky affair which goes by the name of thought, all the privileges and showpieces of man: what a high price has been paid for them! How much blood and horror is at the bottom of all "good things"! On the Genealogy of Morals (1887) is a book about the history of ethics and about interpretation. Nietzsche rewrites the former as a history of cruelty, exposing the central values of the Judaeo-Christian and liberal traditions - compassion, equality, justice - as the product of a brutal process of conditioning designed to domesticate the animal vitality of earlier cultures. The result is a book which raises profoundly disquieting issues about the violence of both ethics and interpretation. Nietzsche questions moral certainties by showing that religion and science have no claim to absolute truth, before turning on his own arguments in order to call their very presuppositions into question. The Genealogy is the most sustained of Nietzsche's later works and offers one of the fullest expressions of his characteristic concerns. This edition places his ideas within the cultural context of his own time and stresses the relevance of his work for a contemporary audience. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.'

评论

就是说下个学期应该去上福柯那门课了是吧。

被尼采 [我其实更想自己偷偷大彻大悟但我就是忍不住要启迪众生] 的心态萌哭。读过之后顿觉全世界都是奴隶道德。报复和愧疚至今都没想明白。尼采跟瓦格纳的关系也太傲娇了。原来 [你有病吧] 的出处是尼采。

像尼采这样用美丽的文字写就作品的哲学家才不是干枯的哲学家？读了以后发现自己和人聊天很喜欢有perspectivism、dogmatism的痕迹，真是>

why is he always so irascible...

True genius

If you are going to write a book, can you at least care A LITTLE about making it understood?? Writing out exactly what's going on in your head and your unfathomable string of thought DOESN'T constitute good academic writing. A bad writer and a narcissist overall.

注在后面，不是很方便

nihilism被治愈，封面也非常美貌。

---

I prefer Freud

---

尼采体系的悖论在于他无法合理化哲学的存在本身，估计这也是他最终崩溃的原因吧。

---

福柯从尼采那里取经多少==

---

love

---

Flawed but astonishing work. Nietzsche's philosophy like a wild fire which burns out all of decaying weeds and sickness of my spirit. Masterpiece even with some plain and serious drawbacks. Will of power is all! We must jump out of the cowardice, despair, fear, depression and joy of punishment to acquire vigorous and strong lives! IT IS WILL TO POWER!

---

减一颗星是因为真的太危险了…
