La Dame aux Camelias still has the power to cast the spell that has fascinated generations of readers. Dumas's marvellously beautiful, intelligent, and vibrant heroine lives on in revivals of the stage version, in film and television adaptations, and in La Traviata, Verdi's perennially popular opera. For Marguerite has long since attained the status of a myth. Dumas's subtle and moving portrait of a woman in love is a timeless antidote to the cynicism of every age. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

评论

我要懂法语就好了

语言很优美，让我很有冲动读法文版，只是不知道法语学到哪年才能大致读懂~~

扇贝看的英文版……似乎有删改？不太清楚…刚开头不太喜欢
后半本慢慢就被感动了

I remember that I read this story for the first time when I was still a primary school student. I cried for this tale many times as the content touched me greatly. After so many years elapsing, my heart was deeply moved again, for destiny, for noble qualities, for love. It is hard to figure out why fond people die young and beatuiful.
