

北九州市立自然史博物館研究報告

Figures 1-12) are lateral views (Figures 10) from the Lower Permian, Tazewell and Monaca of northern France and Alaska. All figures are labeled with taxon, mineral dioxide group, glaucophane, 1-5, "Polysynthetic" (1-5), and "Monoclinic" body (chalcid). (1) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (2) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (3) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (4) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (5) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (6) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (7) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (8) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (9) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (10) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (11) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10); (12) *Phaenocarpa albida* from the lower Permian Zinn (glaucophane Taxon, Li_2O_2 , upper Platinofidite, chalcid) (10).
