If you like latex but don't know what to do with it, or want to try something new but

don't know what, this is the book for you. Whether you like to give pain or receive it, be sexually submissive or dominant, this book has more than 100 ways to take your pleasure. You'll also find advice to help you explore your own nature, with imaginative ideas that range from dressing up to whipping and bondage. Whether your urge is to be mistress or infant or pierced, this book will tantalize your senses and challenge you.
