著者:Joan Carroll Cruz

出版者:St. Benedict Press & TAN Books

出版时间:1977

装帧:Paperback

isbn:9780895550668

Continuously popular since it first appeared in 1977, *The Incorruptibles* remains the acknowledged classic on the bodies of saints that did not undergo decomposition after death. Many remained fresh and flexible for years, or even centuries. After explaining both natural and artificial mummification, the author shows that the incorruption of the saints' bodies fits neither category but rather constitutes a much greater phenomenon that is unexplained by modern science to this day. The author presents 102 canonized saints, beati, and venerables, summarizing their lives, the discovery of their incorruption, and investigations by Church and medical authorities.

The incorruptible bodies of saints are a consoling sign of Christ's victory over death, a confirmation of the dogma of the Resurrection of the Body, a sign that the Saints are still with us in the Mystical Body of Christ, and proof of the truth of the Catholic Faith—for only in the Catholic Church do we find this phenomenon. Impr. 342 pgs 33 illus, PB.

#### 作者介绍:

Joan Carroll Cruz is a native of New Orleans and is the educational product of the School Sisters of Notre Dame. She attended grade school, high school, and college under their tutelage. Mrs. Cruz has been a tertiary in the Discalced Carmelite Secular Order (Third Order) since 1968 and has served as Mistress of Formation (Novice Mistress) for eight years.
