著者:Robert Owen

出版者:Penguin Classics

出版时间:1991-06-01

装帧:Paperback

isbn:9780140433487

In his early works Owen argues that, since individuals are wholly formed by their environment, education is the crucial factor in transforming them. Later he came to adopt far more radical positions, proposing nothing less than 'the emancipation of mankind' and the creation of a 'new moral world', a full-scale reorganization of British society, major reforms of working practices and the Poor Laws and the establishment of co-operative model.
