著者:David Cronenberg

出版者:Faber and Faber Limited

出版时间:1993

装帧:

isbn:9780571169931

This volume charts David Cronenberg's development from *The Brood* to *Naked Lunch*, demonstrates how he has invested his own developing genre with seriousness, a philosophical dimension and a rare emotional intensity, and reveals the concerns which continue to dominate his increasingly rich and complex work.

This edition also includes a new section on Cronenberg's most recent film, *M. Butterfly*.
