For use as a core text for introductory and upper-level courses in Western religions and Introduction to World Religions courses. Can also be used as supplemental reading for individual religion courses. Living Religions-Western Traditions is a highly readable and stimulating survey of the major global religions and new religious movements that originated in the West. The social context, origins, teachers, scriptures, and historical

development of each faith are carefully explored, with emphasis on how practitioners themselves understand their traditions. Evocative illustrations, first-person interviews of ordinary people and boxes uncovering the spiritual roots of public figures bring this text to life.
