出版时间:2000

装帧:pbk

isbn:9780802845320

This study of Dietrich Bonhoeffer by Frits de Lange, unique for its application of modern language theory, provides an insightful reconstruction and analysis of Bonhoeffer's use of religious language and its implication for understanding his thought more broadly.

作者介绍:

Frits De Lange is professor of ethics at the Theological University of the Reformed Churches, Kampen, the Netherlands, and president of the Dutch section of the International Bonhoeffer Society.
