

Number Theory: an introduction

[Number Theory: an introduction_下载链接1](#)

著者:Don Redmond

出版者:CRC

出版时间:1996

装帧:hardcover

isbn:9780824796969

This text provides a detailed introduction to number theory, demonstrating how other areas of mathematics enter into the study of the properties of natural numbers. It contains problem sets within each section and at the end of each chapter to reinforce essential concepts, and includes up-to-date information on divisibility problems, polynomial congruence, the sums of squares and trigonometric sums.;Five or more copies may be ordered by college or university bookstores at a special price, available on application.
